

## Texas Tornado Farewell Season!

A fitting farewell design to one of the most popular and liked racers to compete in Moto-GP.

The Edwards Tribute design starts with a restyled version of Colin's personal favorite graphic from 1999 with the addition of the Texas flag cleverly worked into the design - so well in fact you may even miss it if your not paying attention - as the design details incorporate the flag colors into the flowing graphic itself, with the symmetry of the design broken by the white and blue flag colors on opposite sides.

The ever present Texas star is front & center, as it has been for the past few designs in the Edwards series. There is no mistaking where Colin's pride and loyalty rest!

The new Edwards Tribute marks the end of a remarkable replica series collection spanning 3 decades, incorporating 8 different designs with a total of 23 color options.

If you're a Colin Edwards fan, this is a "must have" for your collection!
