

BORN TO RIDE

Following the tradition started back in 2005 at the Laguna Seca GP, the 2013 US GP Limited Edition Nicky Hayden "Born to Ride" design offers another unique design that you won't see riding down the road very often.

Owners of this helmet will surely count themselves among a select group of hardcore Nicky fans.

Key Corsair-V Benefits:

- Massive DF-10 upper ventilation ducts for incredible airflow.
- Adjustable air-wing, accommodates almost any riding speed, style or position.
- FCS cheek pad design offers stability for spirited riding, and incredible comfort for all-day long distance riding.
- Peel-Away cheek and temple pads allow for custom micro-fitting to your head shape.
- Dry-Cool(r) interior material helps draw heat and sweat away from you and into the airflow.
