

A FLARE FOR STYLE

Just because you want simple doesn't mean you have to give up style. The new FLARE design, in Orange, Blue, Red and Sand Frost are excellent examples that make this point very well.

Simple lines, with bold accents in just the right balance.

The new XD-4 Flare series will be reaching dealers by mid-February, so be sure to check them out in person, as we all know no photograph can do Arai's finish (glossy or frosted) justice!
