

World Class Champ

Reaching back into our coveted historic archives, we chose to re-style the iconic 1995 Kevin Schwantz design, cleverly named "Schwantz-95 Frost", complete with the #34 Splat on the back, as worn by Kevin in what was his final season racing in the 500cc GP class.

A fan favorite, Kevin had an aggressive win or bust style, which earned him the respect of his fans and competitors alike. That style paid off in 1994 with Kevin winning the premier class 500cc GP title after 7 years of hard fought battles against other great riders from around the world.

Available on the popular Vector-2 model, the new Schwantz-95 Frost has a plush brushed nylon interior, with fully removable/replaceable cheek pads and comfort head liner — both with micro fit peel-away layers for a personal custom fit. The Vector-2 boasts 4 forward intake vents and 5 rear exhaust vents which help keep you cool and comfortable on long rides.
