VECTOR-2 GIUGLIANO

>> VECTOR-2 GIUGLIANO

While perhaps not as well known in the U.S. as he is in Europe, young Davide Giugliano has been making his mark in World Superbike, earning two podiums (2nd at Assen; 3rd at Misano) and finishing 10th in 2012 championship points. And his Arai helmet design helped him stand out while doing it. The simple, clean lines combined with traditional Italian colors make this helmet demand attention. In a market where Italian fans can't seem to show their pride enough, this helmet should offer something new to those riders.

>> **The VECTOR-2 Arai's "basic" helmet is anything but. We call it Less is More, but like everything from Arai, our emphasis is on More.**
