

A checkered flag has been the symbol of victory for over a century, and exemplifies one unmistakable goal- winning! The subtle checkered flags on the front and sides of the new Contest design pay tribute to the effort and dedication required to win races. Two bold racing stripes running from front to back add an element of style that is clean and neat. The Silver version features a full range of silver, gray, and black tones, while the Red version adds a dash of color. Both are striking, and are an excellent choice for the rider who appreciates a well-executed design that features great attention to detail. See them both along with our full range of 2014 Arai helmets at your local dealer or at www.araiamericas.com.
